If we leave here today  
We could be a thousand miles away  
Take to that road see how far it goes  
And on that great ocean road  
Oh the country's in our bones  
All the trouble that you know  
Empties out as you go

Chorus:

Oh come on walk with me, talk with me,  
Tell me your stories  
I'll do my best to understand you  
You're flesh and blood, flesh and blood  
Don't refuse me your love  
More than words can express  
More than wealth or success  
Oh there's a thousand things to do  
So let's start here with me and you  
All the pain that you feel

All the hurt that seems so real

Oh come on walk with me, talk with me,  
Tell me your stories  
I'll do my very best to understand you  
You're flesh and blood  
You can't go on holding back  
The flooding river  
Keeping all that fear inside  
I understand how trouble haunts you  
Yes and I do know how you feel

There's a thousand things to do  
So let's start here with me and you  
Gonna take a little time  
Let's see what we can find  
Oh come on walk with me.....
