You can have it  
I don't want it  
An' when you've got it  
I'll be gone

It won't matter  
What you're sayin'  
When the damage  
Has all been done

Can't seem to keep the faith  
As if that's all I need to do  
I'd rather walk away than  
Take what belongs to you

You can have it  
I don't want it  
And when you've got it  
I'll be gone

It won't matter  
What you're sayin'  
When the damage  
Has all been done

Some words will cut you down  
Like you were only in the way  
Why should I stand this ground?  
It won't hurt as much to say

You can have it  
I don't want it  
And when you've got it  
I'll be gone

It won't matter  
What you're sayin'  
When the damage  
Has all been done

Sometimes we're blinded by  
The very thing we need to see

I finally realize that you  
Need it more than you need me

You can have it  
I don't want it  
And when you've got it  
I'll be gone

It won't matter  
What you're sayin'  
When the damage  
Has all been done  
The damage  
Has all been done
