I'm lookin' for a strong and steady heart
For a love that won't fall apart
At the first sign of trouble, near or far

And I'm lookin' through eyes that have shed some
tears
And I'm lookin' for that one who's gonna face my fears
Without thinkin' he must erase each scar

And I'm gonna find you baby
Wherever you are

Wherever you are
(Love won't leave you stranded)
Wherever you are
(Love won't let you hide)
Wherever you are
(One of these days baby)
We'll be walkin' side by side

All it takes is some time and some destiny
A little courage for those days when all we see
Is a cold lonely rain comin' down hard

And I'm gonna find you baby
Wherever you are

Wherever you are
(Love that won't leave you stranded)
Wherever you are
(Love won't let you hide)
Wherever you are
(And one of these days baby)
We'll be walkin' inside side by side

I'm lookin' for that love that's meant for me
I can't be bothered with some same old wannabe
Just like the light from Heaven's stars

I'm gonna find you yeah
I'm gonna find you
I'm gonna find you baby

Wherever you are
