Maybe love is all anybody  
Ever should believe in  
Maybe life is just something  
That employs us till we die  
Maybe all we know  
Is that the sun will come up every morning  
Maybe time can choose  
Whether to be earthbound or to fly  
Everybody thinks they've got it down  
I won't worry, the truth's always been found  
In your life story

Maybe you're the one waiting  
For the ship to find your harbor  
Maybe you're the one looking  
Past the forest to the trees  
Maybe you still think  
The older that you get  
Life just gets harder  
Maybe you would trade everything  
For just one moment's peace  
Everybody strains to hear the sound  
Of their heart's calling  
Now you can write yours down  
It's your life story

Gather up your telegrams  
Your faded pictures, best laid plans  
Books and postcards, 45's  
Every sunset in the sky

Carry with you maps and string, flashlights  
Friends who make you sing  
And stars to help you find your place  
Music, hope and amazing grace

Maybe what we leave  
Is nothing but a tangled little mystery  
Maybe what we take  
Is nothing that has ever had a name  
Maybe love will fade  
Like the parchment pages of our history

Maybe life is made of flickers  
From some brilliant, burnished flame  
Everybody's waiting for a sign  
I won't worry, I think we'll be just fine  
In your life story  
It's your life story  
And my life story  
This is our life story  
In your life story
