Lying awake
The other one's waiting
To keep me at bedtime
Or just for a moment

Make it go away
Make it go away
Things won't change for me

Out of this state
Comes rapid eye movement
My mind set is stolen
The thing that I'm needing

Make it go away
Make it go away
Things won't change for me
Lying awake
But just for a moment

Make it go away
Make it go away
Things won't change for me
Make it go away
Make it go away
Things won't change for me
