(Vs.1)

Now I've had my fouts with love
Going through things I never heard of
Breaking up and getting back together
Faced with all kinds of stormy weather

And there was a time
I thought I'd lose my mind
But my friends and family warned me
Time after time after time

(Chorus):

Now tell me
How you gonna get something
When all you gave up is nothing
Everyday, Everyday, Everyday, baby
You twisted my mind

Tell me why is it that I'm bugging
Now that I got every thing
Everyday, Every way, you're gonna pay baby For
dissing my love

(Vs.1)

Now baby it took a view
For me to get over you
I didn't think I could make it
But my faith in God said I could shape it

Back in the day I wasn't good enough for you
I would do anything to win you over
You took advantage of my attention
Oh, did I forget to mention

Bridge:

Everyday you did the same thing
And every hour you switch up on me
And every minute I'll be forgiving
And every second we keep reliving

Everyday you did the same thing

And every hour you switch up on me
And every minute I'll be forgiving
And every second we keep reliving

(Chorus)

It was your attitude
That was much too shrewd
Caused you to lose
Now who's the fool
