F/ Foxy Brown

Foxy rap:

Trackmasters, commisioner

You say you keep me laced in everything

Baguettes his and her's

Matchin' E-class, twin chincilla furs

Everything was real 'til he slipped the swerve,

Swore that the love was real then he bounced with hers

Kept me off speed. Blessed me backwards

Made my heart bleed

Killed me softly, he don't know how much he cost me

If the love is all we need, real queens will survive Now

peep the remix with Fox

And J. Blige

(Vs.1)

I've got to let you know

That this is the only way

Troubles far and near but have no fear

Cause love is always on the way

Oh, love...

(Chorus)

Love is all we need

To make every little thing complete

Love is all we need

To make every little thing complete

(Vs.2)

If you don't know then I'm telling you

It works with everything you do

Problems everyday but we'll find a way

'Cause love is gonna save the day

(Chorus)

Bridge:

Do you know what we really need

Do you know that love is going to set us free

That is you and me

Do you think we can live this way
Cause I know love is going to save the day
In every way

(Chorus)

Bridge 2:

Love is all we need to make everything better

(love is all we need, love is all we need)

It's the only way to live together

(Repeat bridge2)

(chorus)
