(Vs.1)

I've been searching for someone, [Yes I have]
But never did I think he would be you
I've been looking high and low, up and down, 'round
the world
For my perfect you

I never thought that I
Would have to step to you
About the way you move
But this conversation is due
Let it be known, if we're together
I refuse to be your fool
Trust me, the last thing you wanna do
Is make me lose my cool

(Chorus)

Monday a friend of mine
Tuesday we played a game
Wednesday you went away
Thursday things weren't the same
On Friday you came back
I wanted to kiss you on Saturday
On Sunday we made love
Now what are we gonna do?

[Check this out]

Don't claim your ass is ready when you're not
'Cause if you play me out, I'll blow up your spot
And I don't care where you are or what you say or what
you do
And I don't care who ya with
It could be your bitch or even your crew

I never thought that I
Would have to step to you
About the way you move
But this conversation is due
Now let it be known, if we're together
I refuse to be your fool
Trust me, the last thing you wanna do

Is make me loose my cool

(Chorus) Repeat 2x's

Mary talks:

Let me talk to you for a minute

Now I'm sick and tired of being confused

One day you say you're my friend and the next day you
my lover

I mean, make up your mind

'Cause I can't keep chillin', I want somebody for me

And if you can't understand that, then be out!
