It's Mary J.

Ah!

She's back

Whoa

Show love (x4)

Don't worry about

All those people talkin'

Trippin'

Asking about what you wearing

Don't worry about

The chick in the corner hatin'

Starin'

You know she's always schemin'

Don't worry about

Just keep on movin'

Provin'

This is what you doin'

Don't worry about

For every person that doubts you

Clowns you

Bringing that negative energy around you

Chorus:

Show love!

You gotta just keep breathin'

Be happy that your heart is beatin' (show love)

Stop fightin', just be easy

Cus it all could be gone

Show love!

You gotta just keep movin'

Don't worry about what they doin' (Show love!)

Keep doing what you doin'

Cuz it could all be gone

Don't worry, show some love (Oh oh oh oh)

Oh no! Oh! (Oh ooooh)

Don't worry about

What people say to hurt you

If it don't kill you it makes you stronger  
Don't worry about  
Keeping' up with the Jones'  
It'll only make your paper shorter  
Don't worry about  
Just keep on movin'  
Provin'  
That you just won't lose  
Don't worry about  
Remember when one door closes  
The one next door  
Just might be open  
Don't worry about  
Special plans  
Make change  
Gotta get away of all this pain  
Don't worry about  
If you've seen enough bad days  
So what is there left for me to explain

Chorus

You just need to learn to let our hair down (we need to  
learn to love somebody)  
Something good as it goes around  
Take full advantage of a sunny day (of a sunny day,  
sunny day)  
Better hurry before the sky goes gray  
There is so much to be livin' for (ooouu)  
Drop that top and turn on the radio  
And let your mind get free  
Come on and rock with me!

Chorus
