Slow down baby. The lovin' ain't goin' nowhere.

[Chorus]

Don't rush baby. The lovin' ain't goin' nowhere

Slow down

Don't rush baby. The lovin' ain't goin' nowhere

Slow down

[Verse 1]

When we make love

Baby all we got to do is take our time

And get it, get it right in the groove

Now there's no need for us to be

In a rush so slow it down

Slow it down and get it right.

Now baby it's understood

When the lovin' is feeling good

So let's just take our time and make it last

[Chorus]

[Verse 2]

Now I got a feelin' baby

That tonight could be the night

Don't rush it. Don't fight it.

If you got a notion

Baby please let it be slow motion

Slow it down baby. Keep it right there. Keep it right there.

Now baby it's understood

When the lovin' is feelin' good

So let's just take our time and make it last

[Chorus]

[Ad libs and Chorus until fade]
