Bridge:

Whoa, whoa, whoa (repeat 2 times)

Chorus:

Can't get you off my mind

Thinking about you all the time (repeat 2 times)

1st verse:

The day we met was the last day

That I said I would look anyone else's way

Now you know that I'm with you

And I'll always be true

There's nothing in this world that I won't do for you

Chorus

2nd verse:

The day you left

It was so sad

Now I'm standing here holding on to the past

Keep growing on

Gotta live your life

If we grow up in time

Maybe real love we will find

Chorus

Bridge (repeat 4 times)

LOX:

You need rocks on the fourth finger of your left hand

Tell your bridesmaids to hit off my best man

Always on my mind like money

You my honey

There when I'm laced

There when I'm bummed

Say word

It's type hard for me to get you off...my mind

But I still get dough, of course

True love between a thug and a dove  
Poppin' champagne in the tub

Aiyyo  
Everything revolves around trust  
'Cause if it wasn't for you  
Then there wouldn't be no us  
No jealousy, envy, and no lust  
328 off the lot when I bust  
Sittin' in the house counting lincolns  
And I'm still thinkin'  
Can't get you off, so I'm blinkin'  
Sinkin' down in the silk couch, milked out  
Your hole in my heart got my love all spilt out

Chorus (repeat 4 times)

Bridge (repeat 4 times)

Chorus (repeat 4 times)
