You are my everything  
You are my everything  
You, my everything  
Everything, everything, everything

It's all because of you, I'm never sad and blue  
You've brightened up my days in your own special way  
Whenever you're around, I'm never feeling down  
You are my trusted friend, on you I can depend

You take me away from the pain and you bring me  
paradise  
And when there were cloudy days you brought  
sunshine in my life  
It never occurred to me the first time I saw your face  
I would fall so deep in love that your love can't be  
replaced

You are my everything  
Love so good only you can bring  
You are my everything  
You are everything and everything is you

My darling only you can make my dreams come true  
And every night I pray, you'll never go away  
I promise I will try until the day I die  
To treat you like a king 'cause you are my everything

You take me away from the pain and you bring me  
paradise  
And when there were cloudy days you brought  
sunshine in my life  
It never occurred  
I would fall so deep in love that your love can't be  
replaced

You are my everything  
Love so good only you can bring  
You are my everything  
You are everything and everything is you

You are everything and everything is you

You are everything and everything is you  
You are everything and everything is you  
You are everything and everything is you

When you're lovin' me, put your lovin' arms around me  
When you're lovin' me, said I feel so safe, I find  
security  
When you're lovin' me, forever I want you to hold me  
My everything, my every, every, every, everything

You are my everything  
Love so good only you can bring  
You are my everything  
You are everything and everything is you

You are everything and everything is you  
You are everything and everything is you  
You are everything and everything is you  
You are everything and everything is you  
You are everything and everything is you  
You are everything and everything is you

You are my everything  
Love so good only you can bring  
You are my everything  
You are everything and everything is you

And I thank you, thank you, thank you
