Everything in you  
Found my everything  
And I trust in you  
I found my

Can't you see? Look at my face it's glowing  
And it's all because of you  
(Everything)  
Everything about you, you see I need  
And I thank God for sending you through

(I found my everything)  
You see, I found my everything  
(In you)  
In you

(I found my everything)  
You see I found everything and I  
(And I trust in you)  
I trust in you  
(I found my everything)

Ooo, the way you kiss me, it's like a real man  
I leave the ground when I look in your eyes, baby  
(Every night)  
And every night is like a highlight, baby  
And there's no better keeper than you

All night long  
You're the one who  
Understands me  
Needs to hold me

Really feels me  
You're the one I love  
You're the one that I need  
I knew you'd find me

Stick beside me  
Won't deny me  
You define me  
Now my world feels so free

(I found my everything)  
You see, I found my everything  
(In you)  
In you

(I found my everything)  
See, I found everything and I  
(And I trust in you)  
I trust in you

(I found my everything)  
Yeah, see I found  
Every, every, every, every  
(In you)  
In you

(I found my everything)  
I found  
I found  
(And I trust in you)  
I put my trust in you, you

Now I know just  
What I wanted  
What I needed  
Where I'm going

I can see much clearer now  
That I found you, you, you, you  
I love it when ya  
Love me tender

Hold me tight  
Through the night  
Seems like we met  
In Heaven before this earth

You're the one who  
Understands me  
Needs to hold me  
Really feels me

You're the one I love  
You're the one that I need  
You won't deny me  
Justify me

Now my world  
Now my world  
Feels so free

This time is the greatest  
That I've ever felt before, oh, oh  
(Who)  
You've given me a reason to smile  
'Cause I never had a reason to smile before

(I found my everything)  
See I found everything in you  
(In you)  
You

(I found my everything)  
I found my everything in you  
(And I trust in you)  
You

(I found my everything)  
Everything  
Everything  
Ee, everything, I

(I found my everything)  
(I trust in you)  
And I trust in you

(I found my everything)  
You see, I found my everything  
(In you)

(I found my everything)  
You see, I found my everything  
(In you)  
In you
