Can't live without you  
(Can't live without you)  
Can't live without you, baby  
(Ohhh)  
Can't live without you

(Chorus)  
I never wanna live without you baby  
I wanna be your lady  
Love is sooo amazing

I never wanna live without you baby  
I wanna be your lady  
Love is sooo amazing

(Vs.1)  
What is this feeling? I can't sleep at night  
Just thinking 'bout being without you  
Work 'til I'm tired and I can't eat a bite  
'Cause I know someday is only...

(Chorus)

(Vs.2)  
I have the man that I want  
I prayed so many nights for you and then my prayers  
came true  
Now that I have the answer, I'll be wishing on a star  
I'll follow you where you are

I don't wanna be alone so baby let's stay together  
Through any kind of weather, yeah  
Let's make a happy home because you mean so much  
to me baby  
That's why I wanna be your lady

(Chorus) 2x's

I don't wanna be alone so baby let's stay together  
Through any kind of weather  
Let's make this a happy home because you mean so

much to me baby  
That's why I wanna be your lady

(Chorus)

Baby, won't you stay with me a little while?  
(Baby, won't you stay?)  
Baby, won't you stay with me a little while?  
(Stay with me for a little while)  
Baby, won't you stay with me a little while?  
(All I wanna know is...)  
Baby, won't you stay with me a little while?  
(...can you stay?)  
Won't you stay with me?  
I need you  
Oh, I need you  
I need your warm embrace  
I need your sweet, sweet taste, baby  
C'mon, c'mon. C'mon, C'mon  
Stay with me  
Stay, stay
