Eh, Eh,
Eh, Eh, Eeeh
Hope your not thinking, you ain't the one
Seems your annoyed by my voice
Beacause your out there trickin'
'Til five in the morning
I don't play that shit (Oh)
Hope your not thinking, you can just leave
Homeboy please
From the tone of my voice
I know that you can see
I don't play that shit

No, No, No,
I ain't low on self esteem
No, No, No, No, No,
Other girls don't strike fear in me
I work this relationship 9 to 5
And I deserve overtime
So you can say what you want
Stake on what you want
You ain't leaving me
You ain't leaving me
You can say what you want
Stage on what you want
You ain't leaving me
You ain't leaving me (Oh)
So I'm a stick around, stick around
Till I get a return on my investment
All of the nights you had me trippin
All of the nights you had me stressin
You ain't going nowhere
I'm a stick around, Till I get it
Till I get a return on my investment
All of the nights you had me trippin
ALL of the nights you had me stressin

You ain't going nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere

Nowhere fast
Nowhere
Uh, Uh

You ain't going nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere
Nowhere in a hurry.
Uh, Uh, Oh

Hope your not thinking, you ain't the one
Seems that your tired of my face
Cause your always looking at some other chicks
I don't play that shit
Oh hope your not thinking, you can just dis me
Homeboy please
By the look on my grill
I know that you can tell
I don't play that shit

No, No, No,
Everything ain't what it seems
No, No, No, No, No,
You ain't going to be ignoring me
I work this relationship 9 to 5
And I deserve overtime
So you can say what you want
Get mad if you want
You ain't leaving me
You ain't leaving me
You can say what you want
Stake on what you want
You ain't leaving me
You ain't leaving me (Oh)
So I'm a stick around, stick around
Till I get a return on my investment
All of the nights you had me trippin
All of the nights you had me stressin
You ain't going nowhere
I'm a stick around, Till I get it
Till I get a return on my investment
All of the nights you had me trippin
ALL of the nights you had me stressin

You ain't going nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere

Nowhere fast
Nowhere
Uh, Uh

You ain't going nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere
Nowhere in a hurry.
Uh, Uh, Oh

Can't let you get away from me (let you get away)
So no, don't wanna be free (no)
I put in too much time
You ain't going nowhere, boy you are mine
Been through so much with you (with you)
I gave you my whole life (whole life)
So I'm going to take my time
Wait patiently for what is mine

You ain't going nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere
Uh, Uh

You ain't going nowhere
Nowhere fast
Nowhere
Nowhere fast
Nowhere
Nowhere in a hurry.
Uh, Uh, Oh
