Oh come on now baby
you make me so happy
i love you and your the one im giong to spend the rest
of my life with

you walked in to the room and my heart began to jump
right from the start i knew it was you
you are the one.
so i sat around watching
the way you talked the way you laughed
it felt so good to me
i smiled at you and you looked at me
it was that moment that made me happy

CHORUS

at first you stared at me and then you said to me
i was the women you dreamed about
the way we held each others hands
the way we talked
the way we laughed
it felt so good to be with you
and i knew right then and there you were the one
god made you for me

you took me out and we stayed in
i told you how much you ment to me
and you felt the same way too
so i wrote this song to let you know
that i truly thank-you

CHORUS x2

BRIDGE

I love you

You were sent from heaven straight in to my arms
i love you.....
