I feel numb
From the waist up
Eyes walk right past the worlds hurt
Better is what the world deserves
Why's humanity just another world

You need me
I need you
To give me a hand
It's never too soon
We say we wanna change
We say we wanna grow
But all we do is destroy
Leaving no room for love

We spend all day talkin
We spend all night layin the dream out
But we never wake up to this visionb of peace
Between you and between me
Were just sleep walkin

It's not a false alarm
We gotta get it up
I'm tryin to put water on your face
And shine a little sunlight your way
We gotta remove the covers
That have made us blind
Were walkin in circles
And were runnin out of time

You need me
I need you
To give me a hand
It's never too soon
We say we wanna change
We say we wanna grow
But all we do is destroy
Leaving no room for love

We spend all day talkin
We spend all night layin the dream out
But we never wake up to this visionb of peace

Between you and between me
Were just sleep walkin

I know your sleepin peaceful
It's easy to change your mind
I've heard your thoughts
But I need your actions
To save someones life
We gotta reach past the top
There's more road beyond the finish
And enoughts never enough
So give the world back it's love

You need me
I need you
To give me a hand
It's never too soon
We say we wanna change
We say we wanna grow
But all we do is destroy
Leaving no room for love

We spend all day talkin
We spend all night layin the dream out
But we never wake up to this visionb of peace
Between you and between me
Were just sleep walkin

We need it, we need it, we need it
Your love, your love, your love
