I stopped myself
from calling you
i wish i knew how bad i wanted to
but i look at my phone

....

....

when I'm travelling far away
we're so in love
cos it's meant for us to be this way
and in a minute it will be all
cos we wanted it for so long

just wait until you get home tonight
when we make up
we can deal with it
but after we make love oohh
i'm happy to be here tonight
just wait until tonight
just wait until tonight

(New York City)

you show me something in love
that no one can contest
if i had to lay out my life for you ..?..
can this moment pass

gotta make it our last

ooh i know it feels so right
i know my feeling just can't be tonight
be sacrificed
wait until tonight
we can put it all on the line
just wait until you get home tonight
when me make up
we can deal with it
but after we make love oohh
i'm happy to be here tonight
just wait until tonight
just wait until tonight

in th morning
when we wake up
we can deal with it
but after we make love
happy to be here tonight
just wait until tonight
just wait until tonight
