Look in my eyes  
Tell me what you see  
Do you see perfection in me?  
To you, do I look complete?

Now take one more look pass my celebrity  
That's where you'll find the real me  
To you, do I still look complete?

I got every material thing I could ever need  
I got the love from my fans that adore me  
And I'm grateful  
And I thank you so very much

But my love for myself is lacking a little bit  
(Just a little bit)  
I can admit that I'm working on me  
Staying faithful and what I'm tryna say is

Just like you sometimes I get down  
(I get down)  
Sometimes I just wanna cry  
(I just wanna cry)  
Sometimes I get depressed

And just like me, tryna be complete  
(Tryna be complete)  
Just understand we're all just a work in progress

Life can be difficult  
No one promised that it would be  
(No one promised it would be)  
Sunshine all the time, easy  
Some pain is guaranteed

But it ain't impossible  
(Not impossible)  
You can find the joy, you see  
Took me a while but I did finally  
Open your eyes and you will see

I'm just like you sometimes I get down

Sometimes I just wanna cry  
Sometimes I get depressed  
(So depressed)

Just like me, tryna be complete  
(Just tryna be complete)  
Just understand we're all just a work in progress

Anybody knowing what it is to struggle  
Never ever running in the face of trouble  
Say I'm with you  
(I'm with you)  
I feel you  
(I feel you)  
I'm with you

Just like you sometimes I fall but don't we all  
Baby, I feel your pain  
We're all the same, we're all the same  
Oh, I am just like you

Sometimes I get down  
Sometimes I just wanna cry  
Sometimes I get depressed

Oh, just like me  
(Just like me)  
Tryna be complete  
(Just tryna be complete)  
Just understand we're all just a work in progress  
(Just understand we're all a work in progress)

Just like you sometimes I get down  
Sometimes I just wanna cry  
Sometimes I get depressed  
(Can you feel me, can you hear me?)

Just like me, tryna be complete  
(I am, I am, I'm just like you)  
Just understand we're all just a work in progress
