

Mary J Blige "You Know"

Visit "[You Know](#)" on MotoLyrics.com

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

You can tell in your heart what it's gonna be
When you feel the fire like when you're holding me
I took a chance when you sung and danced
Let me feel like plans could be made for us both to be

Lovers and friends 'til the end, what it's got us in
Never would've thought it was you that would
choose me
Now I'm on a flight, ain't afraid of heights
I can breathe right, exhale, 'cause you did
something to me

When you made me feel loved, really made me give up
When I didn't see much, when I felt your touch
What a man say once in the first 12 months
I ain't heard in my life from the closest one

There's so much I knew, too good to be true
When it came so fast, what's a girl to do?
Never will I say when a man won't change
'Cause you changed my life and I'm so damn happy
baby

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

Know, when you know, you know, you kn-know

When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

Every time enough is enough, you love me full time
So I know that it's me, that it's me that you're living for
A little hug and a kiss to show me you miss me
Anâ€™™ all you really want to do is be here with me

Lovers and friends â€™til the end, what itâ€™™s got us in
Never wouldâ€™™ve thought it was you that would
choose me
Now I'm on a flight, ainâ€™™t afraid of heights
I can breathe right, exhale, â€™cause you did
something to me

You made me feel loved, really made me give up
When I didn't see much, when I felt your touch
What a man say once in the first 12 months
I ainâ€™™t heard in my life from the closest one

There's so much I knew, too good to be true
When it came so fast, what's a girl to do?
Never will I say when a man won't change
â€™Cause you changed my life and I'm so damn happy
baby

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

You know when you really know
You know in your heart that you fell in love
Let this feeling make you lose control
And just let go because you know when you know, you
know
You know what you want when you feel that you want it
You know when you know

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?

Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

Know, when you know, you know, you kn-know
When you know, when you kn-kn-know kn-kn-know,
right?
Know, when you know, you know, you kn-know, right?
You know what you want when you feel that you want it

You know what you want when you feel that you want it
You know what you want when you feel that you want it
