Oh, I told you before I believe in beginnings  
Well, I'll say it again we were cursed from the start  
Now if this is a joke, someone better start grinning  
Oh, but don't tell me girl that it's all in my heart

You tell me how oh, how are you gonna save me?  
Ooh, when you can't, you can't save yourself  
You tell me how oh, how are you gonna save me?  
Ooh, when you can't, you can't save yourself  
(Well, they shot me dead)

Yeah, the dawn broke so quick we forgot of the evening  
Well, the moon turned so red they forgot of the dawn  
Better learn how to swim like you learned about a sinking  
Oh, my cold little girl, gonna reap what you've sown

You tell me how oh, how are you gonna save me?  
Ooh, when you can't, you can't save yourself  
You tell me how oh, how are you gonna save me?  
Ooh, when you can't, you can't save yourself  
(Well, they shot us all dead)

You tell me how oh, how are you gonna save me?  
Ooh, when you can't, you can't save yourself  
You tell me how oh, how are you gonna save me?  
Ooh, when you can't, you can't save yourself
