How'd we ever get so far away?
I hadn't seen you for years
And you look so happy everything's going great
But things ain't never been great here
But there was a time when I could see through you
And there was a time when I knew every line
And there was a time when I thought I knew you

CHORUS

Times forgotten crime
Yours is long gone by
And I'm ashamed to think of times we spent together
When I did show you everything
Heavens hope you can't remember all those secrets
And the pain that would bring
But there was a time when I could see through you
AND there was a time when I knew every line
And there was a time when I thought I knew you

CHORUS

And then you knocked me down and you stood so tall
The strangest look on your face
And I guess I never really knew you
I stand silent in this fool's place
But there was a time when we talked about the future
And there was a time when I believed every line
And there was a time when I thought I knew you

CHORUS
