Girl you know that it's on tonight
Come on come on
You open your mouth and it's all a lie
And it took me 'til now just to get it, girl
If it's worth having it's worth a try
So come on come
You're coming with me tonight

Hold on to your dreams
And don't give up on me

And don't throw it away
Don't throw it away
Because there must be something in the atmosphere
when
Our minds race at a mile a minute
My hearts yours as long as you don't throw it away

Maybe we just lost our way
Somewhere along the road you stole my thoughts away
And I hope you never forget it, get it

The dreams we share when we lie awake are all alone
Unless you're here tonight
So hold on to your dreams
And don't give up, don't give up on me

And don't throw it away
Don't throw it away
Because there must be something in the atmosphere
when
Our minds race at a mile a minute
My hearts yours as long as you don't throw it away

We're spending nights alone
I travel many places
I shouldn't be alone
Stuck putting names to faces
It doesn't matter though as long as you are next to me
If you are here then there's no place else that I could be

And don't throw it away

Don't throw it away
Because there must be something in the atmosphere
when
Our minds race at a mile a minute
My hearts yours as long as you don't throw it away
