If you let me
I could be your good friend
I know that if you let me
We could walk together
We're not so different you know
Though we may have different dreams
When they fall apart
We hurt the same it seems

And so sure, so don't you bet me
I just know that if you let me
I'll show you that I could be your good friend

Someone to share your good times

Someone who you can count on
That someone who when you turn to, won't turn away

If you let me
I could be your good friend
I know that if you let me
We could walk together

I'm so sure, so don't you bet me
I just know that if you let me
I'll show you that I could be your good friend
