NO NO it's just in your mind it's just in your mind  
it's just in your mind  
Let me get inside your mind  
Let's drive blindfolded on highways until we fuckin  
die  
Let's cut up all these lines in bloody suicide  
What the fuck What the fuck What the fuck

I hate my fuckin life I think I need a sign from Christ  
Before I fuckin slit my wrist with this dirty knife  
I'm livin in a box swimming tied to rocks  
Cryin til I'm bloodshot stomach up in knots  
I've given all I've got it's not enough then what the  
fuck  
I'm either fuckin cursed or I'm just stuck with shitty  
luck  
Pissy drunk carving lacerations in my arm  
& what the fuck why do my temptations do me harm  
& I don't know what I can do to keep my fuckin head  
on screwed  
Maybe pop a pill or two or sniff a tube of model glue  
It's obvious I'm vulnerable crude & I'm despicable  
All Hail Mary Magdalan but Mary is just miserable

I'm a carbon copy of a person that I never knew  
Who never was around to see the shit that I was going  
through  
The vanity consuming you is just so fucking pitiful  
Staring in the mirror screaming FUCK YOU  
Same voices and rushes of adrenaline  
Same noises wishing I was dead again  
I'm having back flashes of kissin mama's casket  
It's just in your mind  
Same habits same fuckin shit again  
ADD & OCD and fuckin Ritalin  
I'm having all these flashes they're kissing on my  
casket  
Don't you pity me  
Mama please won't you lick my wounds  
& my vices  
Don't pity me cuz I'll be dead by noon  
I like it !

Can you see inside my head it's filled with anxiety  
Paranoia guilt everybody lies to me  
I'm overcome with agony find comfort in my tragedy  
Casualties, catastrophe & everybody's mad at me  
That's why they took my family  
That's why I face insanity  
& the world around me never ceases to examine me  
Pissy drunk shooting sanitation in my arm & WHAT THE  
FUCK  
Why do my temptations do me wrong  
& I don't know what I have done that has me staring  
at this gun  
2 steps to oblivion where no one ever pities them  
& no one ever pities me  
Look at what you did to me  
You're just so fuckin victimy  
Cuz no one gave a shit for me

I'm a carbon copy of a person that I never knew  
Who never was around to see the shit that I was going  
through  
The insanity consuming you you know is fucking pitiful  
Staring in the mirror screaming FUCK YOU  
Same voices and rushes of adrenaline  
Same noises wishing I was dead again

casket

& my vices  
Don't pity me cuz I'll be dead by noon  
I like it !
