All the things
We stress about every day
Glad to have one thing that just don't change

[Chorus]
You know I'm here, always, forever
Don't matter what happens
I'm gonna stay the same
Your life, you live it
Don't waste it trippin'
My love, I'll give it
And it won't ever change

[Verse 1]
Question after question
Always wonderin' and guessin'
Is there anyone that will love me for me
Someone who will help me
Lead, guide and direct me
That's just what I need
And I heard you so clearly say

[Chorus]

[Verse 2]
Want a different life?
Don't like the wone you have?
You've tried and wished and all that you did don't
seem to help
Can't be mad at the world
Someone else is in those shoes
Then a voice said believe in me 'cause I believe in you
'Cause

[Bridge]
A little faith
And a little love
And a little hope in The One Above
Is all you really need to make it in this life
So just keep listening
To that voice deep inside saying

[Chorus]x3
