Hold on, hold on to your faith
No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

I know that you have asked yourself will things ever
change?
And just the other day I asked the same thing
And the answer is plain for you and me to see
That all we gotta do is hold on

Hold on to your faith
No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

Sometimes, sometimes I know you just feel like running
From all of the problems, they keep coming
But I know you won't break under pressure
'Cause You know that God is with ya, if you feel me let
me hear ya

Hold on, hold on to your faith
No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

Keep on, keep on, don't ever stop
It may get hard don't give up now
You've come too far to turn around
You're gonna make it some way somehow, just

Hold on, hold on to your faith
No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

Hold on, hold on to your faith

No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

Hold on, hold on to your faith
No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

Hold on, hold on to your faith
No matter what you been through
I know He'll make a way if you just hang on
Just a little longer, come on hold, hold, hold on to your
faith

Hold on
Just hang on
