I was lost but You came and found me  
You left Your throne thinking about me  
You bled and died to show me mercy  
You gave Your all because You saw my need

I was empty but You came and filled me  
I was blinded but You helped me to see  
I was broken but You made me whole again  
I felt like nothing but You gave me confidence

And I'm filled so much with gratitude words are not  
enough  
To explain the magnitude, the passion of my love

Oh, You took everything I was, made me what I am  
And with all I am I worship You  
You took everything I was, made me what I am  
And with all I am I worship You

You were life when I was dying  
You were strength when I was crying  
You were right and I was so wrong  
A melody when I had no song

And I'm filled with so much with gratitude words are  
not enough  
To explain the magnitude, the passion of my love

Oh, You took everything I was, made me what I am  
And with all I am I worship You  
Oh, You took everything I was, made me what I am  
And with all I am I worship You

You took everything I was, made me what I am  
And with all I am I worship You  
You took everything I was, made me what I am  
And with all I am I worship You

You took everything I was, made me what I am  
And with all I am I worship You  
You took everything I was, made me what I am  
And with all I am I worship You

You took everything I was, made me what I am  
And with all I am I worship You  
You took everything I was, made me what I am  
And with all I am I worship You

You took everything I was, made me what I am  
And with all I am I worship You  
I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You

I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You

I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You  
I worship You, I worship You, I worship You  
I worship You

Oh, what an awesome God  
Oh, what an awesome God  
You are the awesome God  
You are the awesome God  
Oh, what an awesome God
