The machine

Chorus

They're here now  
But then they're gone  
Where they at?  
I don't know  
Ay, oh, they hit the door  
That kinda friend, I gotta let go  
A super (friend) a super (friend)  
Yes sir I got me one of them  
A super (friend) a super (friend)  
I got me a super friend

Verse 1

No sir there's nothing halfway about Him  
This world could never be made without Him  
No heart, no breath, no mind  
No sun, no moon, no time  
He's something like the best of them  
He's nothing like the rest of them cause

Chorus

They're here now  
But then they're gone  
Where they at?  
I don't know  
Ay, oh, they hit the door  
That kinda friend, I gotta let go  
A super (friend) a super (friend)  
Yes sir I got me one of them  
A super (friend) a super (friend)  
I got me a super friend

Verse 2

Lord I'm so weak and scared to run  
What have I done to deserve a life like this?  
The devil's scared to fight us in the light  
He hides in the myth of religion  
But I know that my God is listening there for me  
There's a greater mission  
You're no girl, You're no man but a plan for greater

peace  
I'll fight for the light until my flesh falls to cease  
I'm fighting the devil, fighting police  
And in the church Lord I'm looked at as Satan  
Cause in my music I curse  
But I'm trying to do better and that's the thing that  
really hurts  
All the sex and the drugs in my life mean nothing  
When my superfriend hugs me at night tears come  
rushing  
There's no Kryptonite no dealing no lie that could be  
told  
That can separate the power that You have over my  
soul  
So stuntin is a habit when I'm gripping this mic  
Y'all thinking I'm a pimp but I'm trying to be like Christ  
In real life yeah

#### Chorus

They're here now  
But then they're gone  
Where they at?  
I don't know  
Ay, yo, they hit the door  
That kinda friend, I gotta let go  
A super (friend) a super (friend)  
Yes sir I got me one of them  
A super (friend) a super (friend)  
I got me a super friend

#### Bridge

Heard before I made a sound  
Caught me before I hit the ground  
He knows everything I need  
Before I tell Him anything  
Loves me without requirements  
Can't see Him but it's evidence  
Something like the best of them  
Said He's nothing like the rest of them

#### Chorus

They're here now  
But then they're gone  
Where they at?  
I don't know  
Ay oh they hit the door  
That kinda friend, I gotta let go  
A super (friend) a super (friend)  
Yes sir I got me one of them  
A super (friend) a super (friend)  
I got me a super friend

Can't nobody do me like a superfriend  
Can't nobody do me like a superfriend (no) 2X
