Can't promise you no pain, no tears, oh no
Can't say you'll never be lonely again, my friend
But you see, there's a remedy
There's someone who's got everything you need
And if you hear what I'm saying, I'm sure you'll agree
that

Trouble ain't gon' be here everyday
Even though sometimes it seems like it won't go away,
no
After you've done all that
You know how just to keep from breaking down
Just believe it's gonna get much better after awhile

Sometimes I sit back and I think about where I've been
And where I am right now
See, I wasn't quite sure you could hear me calling
But you were there to catch me when I was falling, so

Trouble ain't gon' be here everyday
Even though sometimes it seems like it won't go away
After you've done all that
You know how just to keep from breaking down
Just believe it's gonna get much better after awhile

Trouble ain't gon' be here everyday
Even though sometimes it seems like it won't go away
After you've done all that
You know how just to keep from breaking down
Just believe it's gonna get much better after awhile

Oh, sometimes we may just wanna cry
Then you tell me it's gonna be alright
'Cause you can't go through life living problem free
But you got to keep the faith
And you got to believe

So the next time you're feeling a little frustration
And you're going through a bad situation
Remind yourself that it won't last for long
Soon it will be over and you'll be moving on

Trouble ain't gon' be here everyday
Even though sometimes it seems like it won't go away
After you've done all that
You know how just to keep from breaking down
Just believe it's gonna get much better after awhile

Trouble ain't gon' be here everyday
Even though sometimes it seems like it won't go away
After you've done all that
You know how just to keep from breaking down
Just believe it's gonna get much better after awhile

Trouble ain't gon' be here everyday
Even though sometimes it seems like it won't go away
After you've done all that
You know how just to keep from breaking down
Just believe it's gonna get much better after awhile
