It's by far the hardest thing I've ever done,
To be so in love with you and so alone

Chorus:

Follow me where I go, what I do, and who I know
Make it part of you to be a part of me
Follow me up and down, all the way and all around
Take my hand and I will follow too

It's long been on my mind, you know it's been a long
long time
I'll try to find the way that I can make you understand
The way I feel about you and just how much I need you
To be there where I can talk to you when there's no one
else around

(Chorus)

You see I like to share my life with you
And show you things I've seen
Places where I'm going to, places where I've been
To have you there beside me and never be alone
And all the time that you're with me, then we will be at
home

(Chorus)
