Comin' home, comin' home, comin' home, comin'  
home  
Can't stand the thought of bein' a girl all alone, ooo  
Comin' home, comin' home, comin' home, comin'  
home  
Got your love, I feel like my time ain't long  
Ooo got my ticket in my hand & a feelin' deep in my  
heart  
Keeps on tellin' me that we shouldn't be apart

(instrumental)

Telephone when I reach my destination  
To let you know I'm at the station  
It won't be long, I'm just a few miles from my home  
Ooo comin' home, on my way home  
Comin' home, comin' home  
Can't stand the thought of bein' a girl all alone  
Yeah yeah I'm comin' home, comin' home  
Got my ticket in my hand, got a love in my heart  
I'm headin' home, comin' home, comin' home, comin'  
home  
Yeah, I'm on my way, I said I'm on my way home, baby  
Comin' home, comin' home  
...& fade
