My baby doesn't act the same
I wonder why; am I to blame?
I wonder, does he love me?
Mmm, does he love me?
I really wanna know (I wanna know)

His kisses just don't seem as sweet
Since the new girl moved across the street
I wonder, does he love me?
Gee whiz, does he love me?
I really wanna know (I wanna know)
I wanna know (I wanna know)

Maybe there's really nothing wrong
I hope it's my imagination
But if it's true that he's noticed her
I pray it's only infatuation

Tomorrow is gonna be the day
Tomorrow I'm gonna find a way
To quiz him, does he love me?
Mmm, does he love me?
I really wanna know (I wanna know)

(instrumental)

(repeat previous verse)

I wanna know (I wanna know)
Does he really love me? I just gotta know
I wanna know (I wanna know)
I wanna know
Gee whiz, does the boy care?
Yeah, does he really love me?
...& fade
