Fancy free, lonely me, I belong to no one
& fancy free is not a life of ease
Belonging to no one but myself
(Hey hey so fancy free, hey hey hey yeah)

I'm a lonely girl in a big big world with no one to love
me
Every night I cry, it hurts inside
Belonging to no one but myself
(Hey hey so fancy free, hey hey hey yeah)

Misery & heartaches, oh I just can't bear
I gotta find someone ooo much new, ooo who really
cares
Yeah, the guy I loved up & left me in so many tears
& I can't bear the thought of being alone all the lifelong
years
Ooo hoo

It couldn't be what's meant for me
Belonging to no one
& fancy free is not a life of ease
Belonging to no one but myself
(Hey hey so fancy free, hey hey hey yeah)

(repeat & fade):
So fancy free
(Hey hey so fancy free, hey hey hey yeah)
