Hands off my baby; girl, don't you touch him  
Now he belongs to me, private property

You had him, but you wasn't very wise  
You only brought tears to his eyes  
Now that he comes knockin' on my door  
You say you want him back once more, oh no

Hands off my baby; girl, don't you touch him  
Now he belongs to me, ooo private property

Yeah, he used to come cryin' to me  
Every time you caused him misery  
But don't you think he'll come runnin' back to you  
'Cause I'll never ever make him blue, oh no

Hands off my baby, hands off my baby  
Girl, don't you dare touch him, now

It's just your pride that's hurt 9 times out of 10  
& you'd only do him dirt, girl, if you got him back again  
So no, hands off my baby, ooo ooo  
All you got is yourself to blame  
Now you've lost all your claims  
Hands off my baby; girl, don't you dare touch him  
Oh no, hands off my guy  
...& fade
