My guy, they say he is no good
But he likes my style & that's so good
He may not be as smart as he could be
& he's not always good like he should be, then...

CHORUS:

He's good enough for me
Yes he's good enough for me
Perfect he will never be
That's good enough for me, oh yeah

When he treats me rough, I don't mind it
'Cause that's the way love is when you find it
Though I know he's bad like the weather
& when he say he'll love me forever, then...

(chorus)

I know he's not very smart
But I'll never let him go
They say that he'll break my heart
But I know know know know I'll never let him go

Though they tell me he don't belong
Everything he does he does wrong
When he holds me close in the night
Everything he does is right, then...

(chorus)

(He's good enough for me)
I like his style (he's good enough for me)
His shy smile (he's good enough for me)
...& fade
