I love you more than anyone
Should ever be allowed to love anyone or anything
(Anyone or anything)
& I need you more than anyone
Should ever be allowed to need anyone or anything
(Anyone or anything)
So darling, please don't ever break my heart
I beg you, please don't ever make us part
'Cause without you I'd be a little lost sheep
& I'd die (backup singers sing title 4 times)

I would cry more than anyone
Should ever be allowed to cry over anyone or anything
(Anyone or anything)
So please love me more than anyone
Should ever be allowed to love anyone or anything
(Anyone or anything)
Oh darling, on my knees I'm begging you
I'm pleading, please love me as I love you
'Cause without you I'd be a little lost sheep
& I'd die (backup singers sing title 4 times)
Don't ever make me weep

(Instrumental)

Oh darling, on my knees I'm begging you
I'm pleading, please love me as I love you
'Cause without you I'd be a little lost sheep
& I'd die (backup singers repeat title until fade)
