Come, come, come on my baby; come, come, prove it,
prove it) (x2)

Hold me, darling, make me know
Just truly how much you really care
Told me that you needed me
Said you'd never let me go
Told me that you love me so
Now come on baby & prove it (come on, my baby,
prove it, prove it)

Oh you'll never know
Just how much it means to have you hold me tight &
say
"I love you so"
(Come, come, come on my baby; come, come, prove it,
prove it) (x2)

(Spoken):
You see, my darlin', I just can't take a chance
(Backup singing: Wanna fly by like romance)
My love for you is so real, don't lose it
You see, all you gotta do is...

Come on & prove it
(repeat & fade):
(Come, come, come on my baby; come, come, prove it,
prove it)
