Say what you gotta say to me, boy
(Say what you gotta say)
& stop tellin' everybody else but me, boy
(Say what you gotta say)
That you love me (say what you gotta say to me boy)
Come on & say it to me (say what you gotta say to me
boy)
Baby baby baby baby

Your mind & heart can tell me (say what you gotta say)
Because even everybody I see (say what you gotta say)
Will never do (say what you gotta say to me boy)
I love to hear it from you (say what you gotta say to me
boy)
Baby baby baby baby

Come on, come on, come on, come on & tell me
(Come on, come on, come on, come on)
Tell me, tell me, tell me that you love me
(Come on, come on, come on, come on)
Because when I have something to say concerning you
You're the first to know & you already know I love you

(x4):
(male backup: Say what you gotta say to me, boy)
(female backup: Come on, come on, come on, come
on)

Say what you gotta say right now, boy
(Say what you gotta say)
Tell me: is it true what they've been tellin' me, boy?
You already know how much I love you
So baby, if it's true that you love me too
I just want you to say...

What you gotta say, come on & say it, boy
Come on & say it, tell me you love me
Tell me you need me; come on & say it
Say you love me, tell me you need me
Come on & say it
...& fade
