It would be easier to take the wet from water or the dry
from sand
Than for anyone to try to separate us or stop us from
holding hands, 'cause...

CHORUS:

I love you, I love you from the bottom of my heart
& what love has joined together, what love has joined
together
Can nobody take it apart

It would be easier to take the cold from the snow or the
heat from fire
Than for anyone to take me love from you 'cause
you're my heart's desire, &...

(chorus)

Even if they separate us 1000 miles apart
We will still be together in each other's hearts

It would be easier to change all the seasons of the year
Than for anyone to change the way I feel about you; I
love you dear

(chorus)

(title twice, then fade)
