"Whisper You Love Me Boy"

Visit "[Whisper You Love Me Boy](#)" on MotoLyrics.com

Whisper you love me boy say the words you seldom
say you love me more each passing day, Whisper you
love me boy just the way you used to do when our love
was new it's been so long since you held me in your
arms ooh the joy it brings hearing you say sweet sweet
things Whisper you love me boy make it sound soft and
dear tender and sincere Whisper you love me boy tell
me your love is pure make me feel so reassured
neglecting me just isn't fair come on just once in a
while tell me you care Whisper you love me boy let me
know nothing's changed your love for me still remains
Whisper you love me boy say it in your sweet way the
things I seldom hear you say you used to say you love
me the most but now you hardly ever hold me close
Whisper you love me boy come on and whisper sweet
sweet things to me baby come on and whisper come on
and say the sweet sweet things come on and whisper in
my ear come on and whisper come on and whisper
sweet sweet things
