Flying down the hillside out amongst the evergreen
Starting real slow with the snow plough soon we'll be
We'll be breaking from the gate and racing down the
diamond run
Kicking up the powder and the day has just begun

Chorus:

Goin' super fast
Trying to hold on to what we've got
I like it but you know it won't last
Soon we'll be back on top but right now we're goin'
super fast

Did you see me do that? Did you see me almost fall?
Everybodies out there, everybodies having a ball

Chorus:

Goin' super fast
Trying to hold on to what we've got
I like it but you know it won't last
Soon we'll be back on top but right now we're goin'
super fast

Reving up the motor, tearing up the mountain side
Buckle up and hang on tight, it's a bumpy ride

Chorus:

Goin' super fast
Trying to hold on to what we've got
I like it but you know it won't last
Soon we'll be back on top but right now we're goin'
super fast
Goin' super fast
