Unlike the humpback, they never sing,
They don't do flips, that's a dolphin thing.
You try to train them, it doesn't stick,
Cos sharks have only, only one trick.
Their main event is a set of teeth,
Plus they got extra teeth underneath.
Compared to mammals they may seem crude,
But when it's time to come up with food.
Sharks!
They're as good as it gets,
At turning fish into fish croquets.
Sharks!
They're the state of the art,
They're the top of the heap,
The T rex of the deep.
They're anti-social, they've got no grace,
Their only style is in your face!
They can hear the heart beat of their meals prey,
They can smell a meal a mile away.
Sharks!
They're as good as it gets,
The seven seas are their luncheonettes.
Sharks!
They make terrible pets,
But as eating machines,
They're as good as it gets.
Right!
Now listen up.
There's so much know how in every tune,
Nobody does it as well as they do.
Top of the food chain respect must be paid.
Sharks! Yikes!
They're incredible pros,
As far as chewing and swallowing goes.
Sharks!
They make terrible pets,
But as eating machines,
They're as good as it gets.
Right!
Now listen up.
There's so much know how in every tune,
Nobody does it as well as they do.

Top of the food chain respect must be paid.
Sharks! Yikes!
They're incredible pros,
As far as chewing and swallowing goes.
Sharks!
They make terrible pets,
But as eating machines,
They're as good as it gets.
Sharks! Yikes!
They're as good as it gets,
It's power breakfast with no regrets.
Sharks!
They're the state of the art,
They're the top of the heap,
The T rex of the deep.
