Christmas time comes finally once a year
Reminding everyone that they should be of good cheer
Families gather by the tree and sing
About the happiness and brotherhood the season
brings

There's twinkling lights and mistletoe and carollers to
hear
The world around you filled with smiles this special
time of year

Chorus:
Oh you can't stop the spirit of Christmas
Cos it touches everything that you see
You can't stop the spirit of Christmas
For that spirit live inside you and me
Inside you and me

Christmas trees sparkle in the fire light
And leave you feeling everything is gonna be alright
It's not about getting presents Christmas Day
For giving not recieving is the Christmas way

The bells ring out a song of peace a joy that never ends
For us to sing out hand in hand with family and friends

Chorus:
Oh you can't stop the spirit of Christmas
Cos it touches everything that you see
You can't stop the spirit of Christmas
For that spirit live inside you and me
Inside you and me

The spirit of Christmas
