who stole the great hope diamond  
what killed the dinosaurs  
who makes the finest pizza  
what's in your brother's dresser drawers

mysteries of life  
screaming to be solved  
here we stand in our trenchcoats  
trying to get involved

we're super duper snoopers  
first class private eyes  
figure outers, cleaner uppers  
misstresses of disguise  
we've got the know how  
we've got the knack  
now all we need's a case to crack  
we're two super duper snoopers  
give us a mystery

we need a mystery!
