(knock knock knock knock knock)
I'll get it!
Yes?
hello, my name is railroad bill. I'm an engineer for
Amtrack
oh hi!
well, we're running kind of behind schedule, and we
were
wondering if we could take a shortcut through your
living room
it's all right with us
great! okay, boys, let's move the train through
do we have to move the furniture?
don't bother we'll go around it
wow, what a long train!
cattle cars and everything!
girls, what's going on down there?
nothing mom
just doing a favor for a friend
