In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

Someone tell me what's wrong
Why my nights last so long
It's gettin' hard to believe
You can hear me

Then you give me a sign
That you heard me pray
You let me know
This dark night won't last always 'cause

In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

So many ups and downs
You don't know where to start
So many nights you cried
Life was breakin' your heart

It may seem real hard
Ain't no help in sight
But don't you worry
About it tonight 'cause

In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

There's gonna be a day
It's gonna get cloudy

You can't see clear
But don't you stop prayin'
Prayin' for the day
When the sun will shine again

In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

In the morning you'll be alright
In the morning the sun's gonna shine
In the morning no clouds in the sky
When it's dark in your life just wait for the daylight

It'll be alright
Just wait a while and check it out
In the morning, whoa

In the morning no clouds in the sky
When it's dark in your life just wait for the daylight
