Love is free and love's infini  
So don't count, don't hold down, don't be mean  
Give me a kiss under the gui  
Drum beats: boom, boom!

Christmas time hits hard the city  
But don't rush like them, don't you worry  
Just French kiss me under the gui  
Mon coeur beats: boom, boom boom!

Merry little Christmas!  
Merry little Christmas!

Pa, pa, pa, pah...

L'enfant qui dort under the tree  
Smiles while he dreams all is glory  
Hold me in your arms mon ch  ri baby  
Boom, boom

C'est la fin d'une ann  e b  n  e  
So let's be grateful. Cheers! mes amis  
Give me your heart under the gui  
Drum beats: boom boom boom!

Merry little Christmas!  
Merry little Christmas!

Pa, pa, pa, pah...

Merry little Christmas!  
Merry little Christmas!
