(Verse 1: Colt Ford)

Bustin' my knuckles all day in the hot sun  
'bout burn me up  
But I wrapped that chain around the Big Block motor  
Finally pulled it out of my truck  
I took a little break sittin' in the shade  
Trying to catch my breath  
Well baby I'm afraid one of these days  
I'ma work myself to death

(Chorus Josh Tompson)

But loving you is so easy  
I could do it with my eyes closed baby (baby,baby)  
Day and night, night and day,  
Sound asleep, wide awake  
Loving you is someting I know  
and I can do it with my eyes closed baby

(Verse 2: Colt Ford)

Well baby I could have never made it through college  
I barely got my GED  
I don't know why but things in life  
They come twice as hard for me  
I fight my way through work all day  
'till I get home to you  
When I walk through that door I know  
What I was born to do

(Chorus Josh Tompson)

But loving you is so easy  
I can do it with my eyes closed baby (baby,baby)  
Day and night, night and day,  
Sound asleep, wide awake  
Loving you is someting I know  
and I can do it with my eyes closed

(Verse 3:Josh Tompson)

You make me feel like a genius  
Like I'm Superman  
Everything comes naturally  
It falls right into my hands

(Colt Ford)

Loving you is so easy

I could do it with my eyes closed (baby)

Day and night, night and day,

Sound asleep, wide awake

Loving you is something I know

and I can do it with my eyes closed baby

(Both)

Day and night, night and day,

Sound asleep, wide awake

Loving you is something I know

and I can do it with my eyes closed

Baby

I can do it with my eyes closed
