See, the difference with me
When I do what I do
I do what I? m doing
But I? m doing it like I? m doing it for TV

Oww, oww, oww, oww, oww
Keep ya hands up
What, what, put your hands up
Come on, come on, keep your hands up

We back, we back, we back, we back
(Put your hands up)
We back, we back again
(Keep your hands up)
We back, we back, we back, we back, we back, we back
again

I remember the days of prayin? my chips be right
Louie the 13, no more Cris tonight
Gold to me is like Superman and Kryptonite
So I pray how I don? t miss my flight, switch to night

Get out the plane, it all look strange
See a man from Spain, holding up my name
Give him my things and head down to bag? claim
And I hear somebody scream my name

So I look back, look once, look twice
Look fast, look left, look right
Look blink, look meeno, look myse
They try tell me honey don? t look right

So, I approach her, it all look kosher
But there was kids runnin' up with posters
And I was startin' to lose sight of chauffeur
So I had to say nice to know ya

Get ready, tonight
(Baby)
(What, what, what, what, what, what)
Gonna make this a night to remember
Get ready, tonight

(Get money all over again)
(Get ready, tonight)
(Get money all over again)
Gonna make this a night to remember
(Come on, uh, uh, all out)

Uh, yo, it just so happen this how Mase stay starred
Flip two aces and get two face cards
It happens, chip stackin?
I turn around, see a bunch of chicks clappin?

But a girl walked by, caught my eye
So I said,? What the fuck, stand here and give me luck?
And she whispered in my ear
A purple one on there and put a pink one on there

I did just that and gave hud a stack, shout I'll be right
back
In fact, I? ma be over here talkin? to love
Said you been around the world, been so many places
Hit so many girls, and spent so many faces

And every girl in the world know who Mase is
But right now that? s really not what the case is
Let? s be real, I know you got bills
So how? bout one night and I just gave you a mil
Whatchu feel

Get ready, tonight
(Get ready, tonight)
(What, what, what, what, what, what)
Gonna make this a night to remember
(I'm gonna make this night to remember)
Get ready, tonight
(All out)
(Wanna blow)
(Tonight, yeah)
Gonna make this a night to remember
(H world, come on, come on, come on, come on, come
on)

I don? t rap for rollies, I rap for starbucks
I? m that star who get the stars star struck
You a one hit wonder who caught some hard luck
I? m that kid cats can? t wait to scar up

But the show ain? t over until the bottles is empty
Then girls run out the club, follow the Bentley
Knowing that every president need a Lewinsky
Girls know I ain? t know you but they try to convince me

And any chick that I? m with already know
You ain? t gotta like Mase, but bet he blow
And anything that I do get heavy dough
Stop handcuffin? that girl and let her go

My whips got satellite, see it in the graphics
I ain? t only got eight 'cuz I fly passed it
Why ask is Mase a classic
Knowin? I? m from the hood doing deals with magic
Come on

Get ready, tonight
(What, what, what, what, what, what)
Gonna make this a night to remember
(Get money all over again, get money all over again)
Get ready, tonight
